DETAILED ACTION

Claim Objections

1. Claim 27 is objected to because of the following informalities: Line 2, "t" appears to be a superfluous character and must be deleted. Appropriate correction is required.

Claim Rejections - 35 USC § 112

2. Claims 78, 90, 139, 142, 154 and 247 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 78 should be more appropriately dependent on claim 77 instead of claim 41 because claim 77 recites the multiply amphipathic polymer being a "copolymer".

Claim 90 is a substantial duplicate of claim 89.

Claim 139 is substantial duplicate of claim 138.

Claim 142 is improperly dependent on a subsequent claim (claim 143).

Should claim 154 be dependent on claim 153 instead of claim 143?

Should claim 247 be dependent on claim 246 instead of claim 236?

Allowable Subject Matter

- 3. In view of the Terminal Disclaimer filed December 2, 2004, claims 1-77, 79-89, 91-138, 140-141, 143-153, 155-246, and 248-271 are allowed.
- 4. Claims 78, 90, 139, 142, 154, and 247 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Application/Control Number: 10/717,288 Page 3

Art Unit: 1773

5. Multiple efforts (three separate phone calls and voice messages on three different days) have been tried to reach Applicants' Representative, Attorney Dianne Reed, in order to expedite the allowance of the application by Examiner's Amendment. However, the failure of Applicants' response to these messages has prompted this rejection.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to H. T. Le whose telephone number is 571-272-1511. The examiner can normally be reached on 10:00 a.m. to 6:30 p.m., Mondays to Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carol Chaney can be reached on 571-272-1284. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
